

# A Quick Look at Medicare

## What is Medicare?

Medicare is health insurance for:

- People 65 or older
- Certain people under 65 with disabilities
- People of any age with End-Stage Renal Disease (ESRD) (permanent kidney failure requiring dialysis or a kidney transplant)

## What are the different parts of Medicare?

**Medicare Part A (Hospital Insurance) helps cover:**

- Inpatient care in hospitals
- Skilled nursing facility care
- Hospice care
- Home health care

**Medicare Part B (Medical Insurance) helps cover:**

- Services from doctors and other health care providers
- Outpatient care
- Home health care
- Durable medical equipment (like wheelchairs, walkers, hospital beds, and other equipment and supplies)
- Many preventive services (like screenings, shots, and yearly “Wellness” visits)

**Medicare Part D (Medicare prescription drug coverage):**

- Helps cover the cost of prescription drugs
- Run by Medicare-approved drug plans that follow rules set by Medicare
- May help lower your prescription drug costs and help protect against higher costs in the future

# Your Medicare options

When you first enroll in Medicare and during certain times of the year, you can choose how you get your Medicare coverage. There are 2 main ways to get Medicare:

## Original Medicare

- Original Medicare includes Medicare Part A (Hospital Insurance) and Part B (Medical Insurance).
- If you want drug coverage, you can join a separate Part D plan.
- To help pay your out-of-pocket costs in Original Medicare (like your deductible and 20% coinsurance), you can also shop for and buy supplemental coverage.

Part A

Part B

You can add:

Part D

You can also add:

Supplemental coverage

(Some examples include coverage from a Medicare Supplement Insurance (Medigap) policy, or coverage from a former employer or union.)

## Medicare Advantage

(also known as Part C)

- Medicare Advantage is an “all in one” alternative to Original Medicare. These “bundled” plans include Part A, Part B, and usually Part D.
- Some plans may have lower out-of-pocket costs than Original Medicare.
- Some plans offer extra benefits that Original Medicare doesn’t cover— like vision, hearing, or dental.

Part A

Part B

Most plans include:

Part D

Some plans also include:

Lower out-of-pocket costs

Extra benefits
